Aditi Rekhi

aditirekhi1999@gmail.com

Profile

Self-driven and diligent professional with a robust aptitude for design and integration, complemented by adept problem-solving abilities. Enthusiastic about spearheading and executing innovative projects, with a proven capacity to translate complex business requirements into effective technical solutions. Seeking an opportunity to leverage my expertise in web development within a dynamic and challenging environment to demonstrate my skills and contribute to impactful solutions.

Experience

SENIOR SOFTWARE ENGINEER, COFORGE
FEBURARY 2023– PRESENT

· Expanded my knowledge base by working on projects using Angular, .NET Core, MySQL and VB.NET.
· Proficient in articulating development needs and requirements with clarity and precision.
· Facilitate seamless workflow coordination among diverse teams and individuals to achieve collective objectives.
· Conducted in-depth research and implemented a customized library of components utilizing Angular, tailored to specific project requirements.
· Gained expertise in the WIJMO library, acquiring a comprehensive understanding of its capabilities and applications.
· Utilized the Highcharts library to seamlessly integrate dynamic, interactive charts, enhancing data visualization and user engagement.
· Crafted comprehensive unit test cases for Angular components, ensuring robust functionality, high code quality, and efficient bug detection.
· Investigated .NET Core and applied acquired insights to facilitate the integration of an API, enhancing overall system functionality.
· Engineered a series of backend processes utilizing MySQL to enhance data management and system efficiency.
· Utilized systems such as Bitbucket and Confluence to streamline development workflows and enhance project documentation.

SENIOR OPERATIONS EXECUTIVE, INFOSYS
DECEMBER 2020 – JANUARY 2023

· Worked as an EUC team member.
· Administration and Operational support.
· Ability to maintain workflow in a fast-paced environment.
· Serves as a liaison among development teams, application services, and the business, including functioning as a subject matter expert (SME).
· Worked on systems like AWS, RDS, SNOW and AD
· Provided installation and troubleshooting backup to user support specialists and service desk technicians.
· Responded to failures and worked with service providers to resolve discrepancies.
· Developed installation and configuration procedures, Implemented system configuration changes, as per requirement.
· Worked with all levels of Internal management and utilized internal resources

Education

B.SC COMPUTER SCIENCE - 2020
FERGUSSON COLLEGE, PUNE
CGPA – 9.84

12TH STANDARD – 2017
MODERN VIDYA NIKETAN, FARIDABAD
Percentage – 83%

10TH STANDARD – 2015
MODERN VIDYA NIKETAN, FARIDABAD
CGPA – 9.0

Technical Skills

- Angular Framework
- MySQL
- .NET Core Basics
- PostgreSQL
- GitHub/Bitbucket
- Git CLI
- Bootstrap
- WIJMO
- Highcharts Library
- Unit Testing – Karma
- UI/UX Basics
- Figma Basics

Soft Skills

- Communication
- Problem Solving
- Adaptability
- Time Management
- Teamwork
- Creativity

Projects

PORTFOLIO
- This project was designed to highlight achievements and foster connections with individuals.
- It was meticulously developed and executed using the Angular framework.
- Developed comprehensive design layouts for the project, which were implemented using custom CSS and the Bootstrap framework.
- Integrated an API to facilitate real-time notifications, ensuring that the owner is promptly alerted when an individual expresses interest in making a connection.
